2009 COACHING ACADEMY

U-5 - U-10
U-12 - U-18**

www.soccerfortcollins.org

PROGRAM OBJECTIVE

The objective of the Fort Collins Soccer Club Coaching Academy is to provide a graduated educational curriculum aimed at providing our coaches with the skills necessary to create an environment where player development will occur. The program will stress the importance of player development including all the basic techniques that the game demands. This growth introduces the player to the proper method, refines the basic approach and is delivered in a way where success will occur when they apply it to the game of soccer. Because the course is designed to advance the development of the individual player, creating a stress free environment is extremely important. You will see how our staff coaches enhance player's comfort level with the ball while increasing confidence and creativity, and continuously developing a love for the game.

TO REGISTER U-5 - U-10:

Deadline to pre-register is Aug. 19th
